

Act Fast on Action Items

Reviewing Action Items Is Easier Than Ever

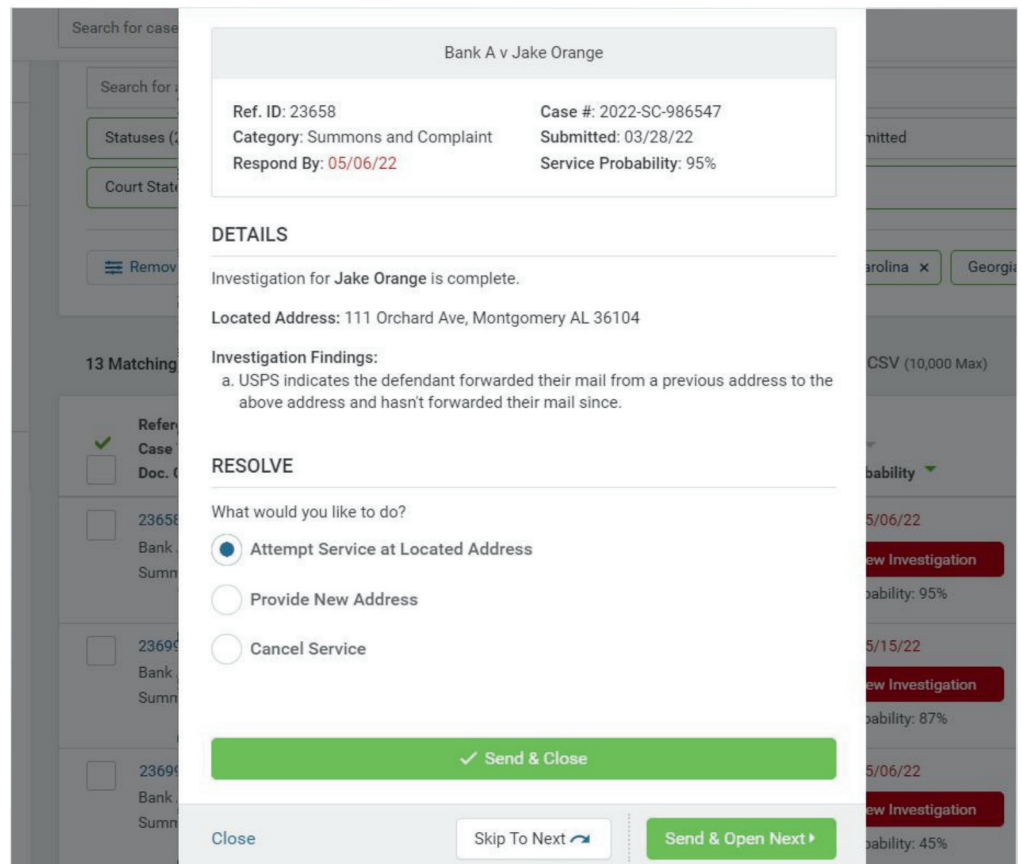

If you have items requiring your review and click any of the red buttons, you'll be able to see the details relevant to those results and can take action. We updated action items with the information you need to quickly take action and get your files back out for service.

Understand which case is impacted.

Investigate information relevant to the hold.

Select how you'd like to resolve the hold.

Navigate between each of the items requiring review.

Send & Close
